Professional Summary

Computer Engineering student (2nd year) with strong foundations in programming, electronics, and problem solving. Seeking an internship to gain hands-on experience and contribute to real-world engineering projects.

Education

Bachelor of Engineering (BE) in Computer Engineering

Beirut Arab University | Expected graduation: 2029 | Completed 2nd Year

Technical Skills

Programming: C, C++

Basic Data Structures

Digital Logic Design

Circuit Analysis

Problem Solving

Projects

- **Programming:** Basic projects in C, C++, Python, and Java
- **Digital Electronics:** Timer circuit using 555 IC; arithmetic logic gates circuits; JK and D flip-flop circuits (74LS74, 74LS76); BCD-to-7-segment display with 4511 IC
-

Experience

Summer Camp Coach Helper (6 weeks, 2023)

- Assisted head coach in leading daily activities and supervising campers

- Supported practice setups and helped demonstrate exercises under coach's guidance
- Helped track attendance and ensure safety protocols were followed

Languages

Arabic (Native), English (Good), French(Average)
